

Power is Personal

Choosing your electricity price plan

Time-of-Use (TOU)

The price for the TOU plan depends on when you use electricity. You can help manage your electricity costs by shifting your usage to lower price periods when possible.

Tiered

With Tiered pricing, you can use a threshold amount of electricity at a lower price. Once you exceed that limit, a higher price applies.

Considering a switch?

Use your own electricity usage information and the Ontario Energy Board's calculator to estimate your bill amount under each price plan.

Visit: oeb.ca/calculator

COMING SOON: **Ultra-Low Overnight (ULO)**

ULO has four price periods, one of which is a very low-priced overnight period.

Alectra Utilities is looking forward to offering the new ULO price plan to its customers starting in fall 2023 – stay tuned!
